2. UPDATE

2.2 Install the update

- 1. Start the vehicle and put it in **P gear**.
- 2. Insert the USB drive to the USB port under the central screen.
- 3. Go to Settings > System > Tap Map & VR data USB upgrade.

4. Follow the instruction to start the update**

- * MG provides 5 years of free map data update. The 5-year period start date is the same as the vehicle's warranty start date.
- ** If the update process failed, please contact your local dealer.
